

Chapter 17 - F6 System Commands

Printer Overrides

Printer Overrides can only be accessed from the <F6> - System Commands menu.

Accessing Printer Overrides:

Press <F6> from any screen throughout the system and the following screen will be displayed.

Enter "7" in the selection field and press <Enter>. The system will display the following screen.

B

Court ID : P 44 ANGIE Master Menu for printer overrides Release : 025

Enter X beside FUNCTION desired

Working with user ID P44COURT **Probate Financial Reports**

- _ 1 - Assign reports to printers by users
- _ 2 - Define computer printers available to the users
- _ 3 - Define all reports available to the users
- _ 4 - Work with User (USERID) _____ (enter ALL for list of users)
- _ 5 - Setup new Printer, the same as Printer number 00
- _ 6 - Make new user _____ the same as user _____
but with printer number 00 as the default printer
(leave ZEROS for same printer)
- _ 7 - Change User _____ to user _____
- _ 8 - Delete this User (USERID) _____

F3 Exit F8 Probate Reports **F10 Juvenile Reports** F11 Civil Financial Reports

07/007

Connected to remote server/host OSM SOUTH using port 23 \\SCAO\1N54QLS on Ne05:

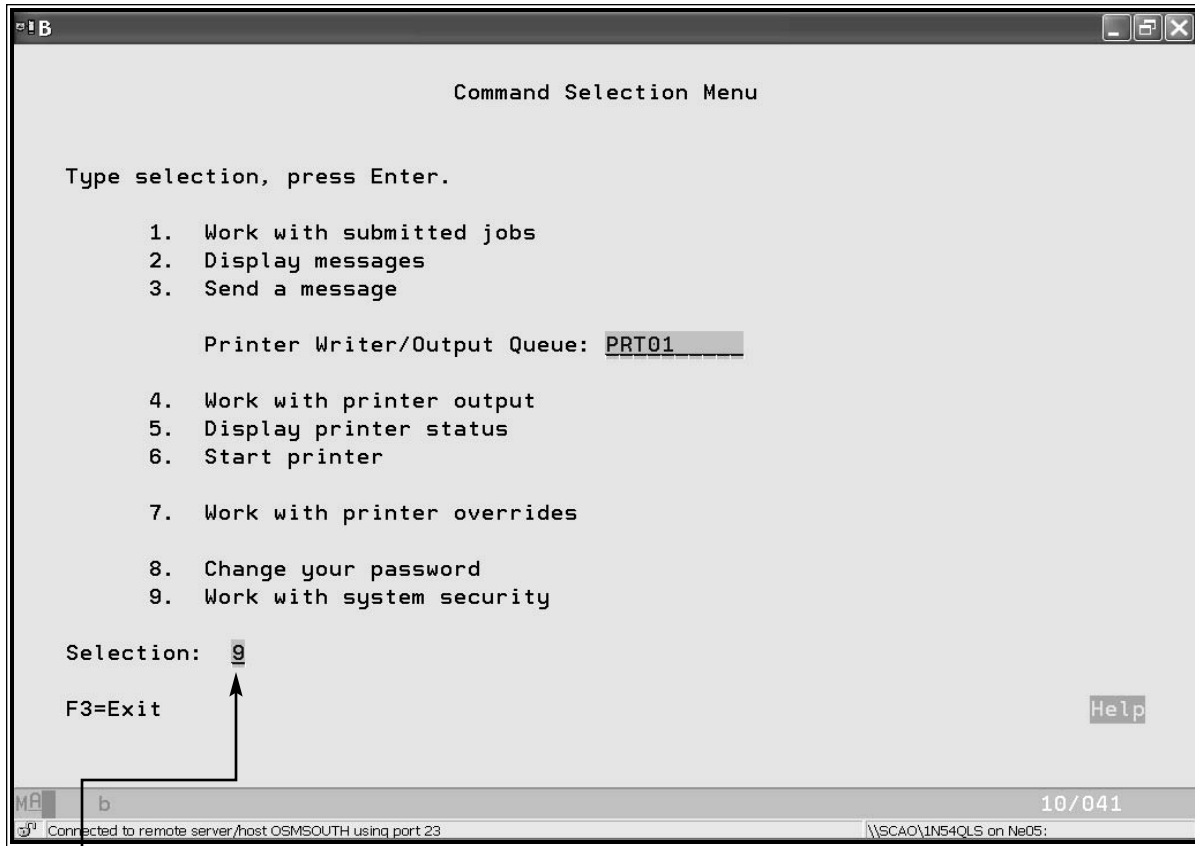

Printer overrides are used to assign reports/forms to a specific printer. Due to the fact that a simple change can affect many users, we ask that you contact JIS for assistance in dealing with printer overrides.

Security

Security can only be accessed from the <F6> - System Commands menu.

Accessing Security:

Press <F6> from any screen throughout the system and the following screen will be displayed.

Enter "9" in the selection field and press <Enter>. The system will display the following screen.

NOTE: If option 9 does not display on your System Commands Menu then you do not have authority to work with system security. Contact your system administrator for access.

Following are field descriptions for the above screen.

~Crt ID~

This aread displays your user ID.

~Opt~

Enter the option that you would like to modify for this user. The following are valid options.

1 = Probate	2 = Adoption	3 = Juvenile
4 = Probate Financial	5 = Juvenile Financial	6 = Civil Financial
7 = Other	A/I = Add	C/M = Modify
D/R = Delete		

These will be explained later in this chapter.

~User~

This is the user ID for all users that have access to this system.

~Name~

This is the name of the user.

~Pro~

This area will display what access a user has for Probate and Civil. The possible values for this field are:

Yes = User has some access

No = User has no access

ADM = User has administrative access

~Adp~

This area will display what access a user has for Adoptions. The possible values for this field are:

Yes = User has some access

No = User has no access

ADM = User has administrative access

~Juv~

This area will display what access a user has for Juvenile. The possible values for this field are:

Yes = User has some access

No = User has no access

ADM = User has administrative access

~P-Fin~

This area will display what access a user has for Probate Financial. The possible values for this field are:

Yes = User has some access

No = User has no access

ADM = User has administrative access

~J-Fin~

This area will display what access a user has for Juvenile Financial. The possible values for this field are:

Yes = User has some access

No = User has no access

ADM = User has administrative access

~C-Fin~

This area will display what access a user has for Civil Financial. The possible values for this field are:

Yes = User has some access

No = User has no access

ADM = User has administrative access

Function Keys

<F3> Use this key to exit any screen that you are on. If this key is pressed before you press <Enter>, information will not be saved.

<F5> Use this key to refresh your screen with the most current information.

<F6> Use this key to access the system commands menu.

Probate Security

Probate security includes security to access the probate header, party and schedule screens as well as administrative authority over case numbers and printers.
